Important notes

- This comparison covers Office 365 E1, E3 and E5 Enterprise plans that include Microsoft Teams. Separate no-Teams SKUs are not covered.
- Microsoft 365 Copilot is not included in the plans compared in this document. Microsoft 365 Copilot Chat is included.
- Office 365 Enterprise plans support organizations of any size and are not subject to the 300-user limit that applies to Microsoft 365 Business plans.
- From July 1, 2026, Microsoft Defender for Office 365 Plan 1 is included with Office 365 E3. Office 365 E5 provides the more advanced Plan 2 capabilities.
- *OneDrive storage above 1 TB is subject to Microsoft's tenant/user eligibility, licensing and provisioning rules.
- Office 365 E1/E3/E5 are productivity and cloud-service suites. They should not be confused with Microsoft 365 E3/E5, which add broader Windows, endpoint management, identity and security entitlements.
- Microsoft changes product names, inclusions and service capabilities over time. Availability can vary by platform, tenant configuration and region. This is a practical customer comparison rather than a complete Microsoft licensing statement.
